MICRO-USB PORT (-**USING THE DUAL CAMERAS**

NOTE: An adult must charge the device and connect to a computer Use the included Micro-USB Cable to connect the device to your computer to transfer

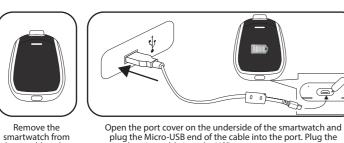

- photos and videos and to charge the device. 1. Open the cover over the Micro-USB port on the smartwatch. Insert the Micro-USB side of the cable into the port.
- 3. Insert the large USB end into a USB port on your computer.

BATTERY CHARGING

Prior to use, it is recommended that you fully charge your L.O.L. Surprise!™ Smartwatch & Camera 2.0 for optimal performance. NOTE: The device should be OFF prior to charging. To power OFF, hold the home button for

about 5 seconds, until a sound plays and the device shuts off. Remove the watchband or clip/stand from around the smartwatch.

- 2. Insert the larger end of the Micro-USB cable into a USB port on your computer. 3. Lift open the cover over the Micro-USB port on the smartwatch and insert the Micro-USB
- 4. A battery symbol will turn green on the screen once the device is fully charged. Remove the device from the Micro-USB cable. Do not over charge the battery.
- 5. You can now turn on the device, add your favorite accessory and begin playing.

NOTE:

the watchband or

clip/stand.

• See page 24 for more **BATTERY INFORMATION**.

SYSTEM REQUIREMENTS

Make sure the device is fully charged (see page 4).

FIRMWARE UPDATE

2. Unzip the firmware pack.

the update was successful.

home button once to wake up the device.

WIRELESS CONNECTIVITY

Compatible systems include Microsoft® Windows XP, Windows® 7, Windows® 8, and Windows® 10 Operating System or a Macintosh Computer with macOS X version 10.13 and 10.14. Other operating systems may be compatible or eligible for upgrade to a compatible system. USB port required.

To turn on the L.O.L. Surprise!™ Smartwatch & Camera 2.0, press and hold the home button

on the front of the device for about 5 seconds until the screen turns on and a sound plays.

When you first start the smartwatch, ensure the firmware is up to date, as mentioned above

To begin, you'll be prompted to set the language, date format, time, and name of the device.

For more information on how to set these features, see **SETTINGS** on pages 15-16.

Before beginning, it is important to check for any available firmware updates so that your

L.O.L. Surprise!™ Smartwatch & Camera 2.0 is operating optimally. To update the firmware:

1. On your computer, download the latest firmware pack from mgae.com/customer-care/firmware.

3. Turn off the smartwatch by pressing and holding the home button on the front of the device for

4. Follow the steps on page 4 to connect the Micro-USB Cable to the device and your compute

5. Look for the drive on your computer named LOL 2. A charging icon will show on the device's

6. Quickly tap the screen 5 times to unlock. Then, an unlock icon will appear on the device's

9. Properly eject the device from your computer when copying is finished. Then, remove the

After about 25 seconds of inactivity, the touchscreen will go dark. If you're wearing the

Surprise!™ Smartwatch & Camera 2.0 to light up the touchscreen. You can also press the

Your L.O.L. Surprise!™ Smartwatch & Camera 2.0 can connect to other L.O.L. Surprise!

Smartwatch & Camera 2.0's using wireless connectivity. To connect, open the Menu Mode

and select the wireless connectivity icon in SETTINGS. Make sure wireless connectivity is

toggled to the ON position (button turns blue). Now, you can share photos and message

connect over wireless connectivity. For example, about 50 ft. (15m) or less unobstructed.

The device must also have sufficient battery power to connect wirelessly and share photos

with other L.O.L. Surprise!™ Smartwatch & Camera 2.0 users. Users must be close by to

and messages. NOTE: Wireless connectivity is only compatible with other L.O.L. Surprise!

Smartwatch & Camera 2.0 devices, and will not connect to other types of devices. Users

receiving messages must accept the message from their device before they can view it.

L.O.L. Surprise!™ Smartwatch & Camera 2.0 on your wrist, raise your arm and turn the device

toward you to wake it up and light up the touchscreen. If it is in the clip/stand, lift the L.O.L.

10. Turn on the smartwatch. A firmware update screen will be displayed on the device. Press the

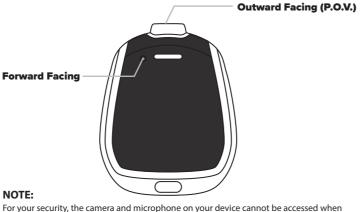

NOTE: After the device cycles back on, it is recommended you turn it off and back on again to confirm

7. Copy all files in the firmware pack folder to the drive on your computer named LOL 2.

8. Choose "Replace all files in destination" when the computer prompts you to do so.

charging cable into the USB port on your computer

There are two cameras on the L.O.L. Surprise!™ Smartwatch & Camera 2.0, a front-facing camera on the smartwatch's surface and an outward-facing (P.O.V.) camera on the top of the device. Open the Camera or Video applications to use the camera. View your images and videos in their respective galleries on your device. For more information, see pages 18-19.

connecting to a computer with the Micro-USB Cable, as the device should be off. Properly eject the device from your computer, unplug the Micro-USB cable, and turn the device on before using these features

TRANSFERRING FILES FROM THE SMARTWATCH The device should be OFF prior to transferring files. To power OFF, hold the home button for about 5 seconds until a sound plays and the screen turns off.

Plug the device into your computer using the included Micro-USB cable, and follow the

instructions on page 4. On your computer, you will see a removable drive called LOL 2. Click on this drive to transfe

files from the device to your computer using the folders called PHOTOS and VIDEOS. Copy and paste the files in these folders to the desired location on your computer. TIP: Photo and video files will not be deleted from the smartwatch until you manually delete them on the device by pressing the trash can icon in the photo and video apps.

You cannot load photos or videos from other devices onto the L.O.L. Surprise!™ Smartwatch & Camera 2.0, as the file types may not be compatible.

NOTE: Once the device is connected to your computer, do not disconnect the smartwatch or the cable while files are transferring. Once your smartwatch completes the transfer, properly eject the device from your computer. Then, physically disconnect the cable and

MENU MODE

elect from a variety of action-packed games and activities which include your favorite L.O.L. As with all wearable devices, some users may have skin sensitivities that are irritated by Surprise!™ characters, access dual P.O.V. and selfie cameras, and send messages! Press the wearing the watchband for extended periods. Irritation may occur from moisture, sweat icons on the screen to open up sub-menus (indicated by an arrow next to the icon). soap or other irritants that get caught between the band and the skin. If irritation occurs To exit a menu selection, press the home butto remove the watchband. It is not recommended to wear the watchband to bed at night or for extended periods. Always keep your wrist and the watchband dry and clean. To clean

Avoid wearing the watchband too tightly, which may also contribute to skin irritation. The band should not be too loose so that is does not stay in place properly, but it should also not be so tight that is uncomfortable to wear. If you notice any redness or swelling or other skin irritation, remove the watchband and consult a doctor if necessary.

If you do find that your skin is sensitive to the watchband, it is recommended you use the included clip/stand to play with the L.O.L. Surprise!™ Smartwatch & Camera 2.0.

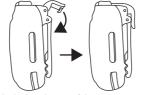

USING THE CLIP/STAND

WEARING THE SMARTWATCH

the band, wipe it off regularly with a damp cloth and dry thoroughly.

In addition to wearing the L.O.L. Surprise!™ Smartwatch & Camera 2.0 on your wrist, you can use the included clip/stand to attach it to your clothing or use it as a display stand on a table The smartwatch will still count your activity, steps, and motion if you clip it to your clothing but will not track activity if used as a stand. For the most accurate activity tracking, wear the device on your wrist or clipped onto your waistband

TIP: For both the watchband and the clip/stand, make sure the device's arms and legs are able to move in and out of the casing. Ensure a proper fit before use.

Use the lock at the top of the clip to secure the clip in the closed position. Lift the clip slightly

Lift the lock and open the clin fully to use as a stand. Lowe

the lock into place.

↑ WARNING

This toy produces flashes that may trigger epilepsy in sensitized individuals. A very small percentage of people, due to an existing condition, may experience epilepti seizures or momentary loss of consciousness when viewing certain light patterns or flashing lights. While this product does not contribute any additional risks, it is recommended that parental supervision is enforced during play. If you experience any dizziness or altered vision, disorientation or convulsions, IMMEDIATELY discontinue use and consult a physician. Focus on screens in close proximity for an extended amount of time may cause fatigue or discomfort. For every one hour of play, take a 15 minute break, or take breaks more frequently as needed.

CARE AND MAINTENANCE

- Always keep the port cover closed during use to prevent water or debris from entering the device. Only open the port cover to connect the device to your computer. · Keep the device clean by wiping it off with a slightly damp cloth and drying it thoroughly. Do not place the device under running water or use harsh chemicals or abrasive materials
- Remove the device from the watchband and clip/stand to clean. Wine the accessories with a damp cloth regularly to keep them clean. Always air dry; do not subject to heat. • Keep the device and accessories out of direct sunlight for long periods of time. Do not expose the device or accessories to direct heat sources.
- Do not drop the device on a hard surface to prevent damage. • Keep the camera lens clean. If pictures are blurry, it could be because dust or dirt is covering the camera lens. Wipe clean with a dry, soft cloth and/or blow gently on the lens to remove any debris.
- If you do not plan to use the device for an extended period, it is recommended that you turn the device off. Regularly charge the battery when not in use to ensure the battery accepts a charge. See BATTERY LIFE AND MAINTENANCE on page 24.

SPLASHPROOF

While your device can withstand splashes from washing your hands or dancing in the rain, it is not recommended to submerge the device in water. To prevent water damage:

1. Always ensure the cover over the Micro-USB port is completely closed to prevent water from getting inside the smartwatch. 2. Do not place the device under running water.

3. Do not submerge in water or wear while showering, bathing or swimming.

RESTARTING THE WATCH

If your device is unresponsive or if you wish to reset the watch to the way it was upon unboxing, press and hold the home button for 8 seconds to reset the watch. NOTE: You may need to reset all custom settings.

BATTERY DISPOSAL
